Department
for Education

Created by

This template can be used for multiple purposes:

- It enables schools to effectively plan their use of the Primary PE and sport premium
- It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium
- It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action	Impact	Comments
Promote the engagement of pupils in physically active games, lessons, and activities, daily, for EYFS, KS1 and KS2, especially during lunch time (lunchtime provision)	Children are active and participate in a range of games and exercise every day. Children are participating in physical activities every day. Midday assistants are confident in leading sessions for the children.	
Purchase PE, playtime, and lunchtime equipment to support running of active games to engage pupils across the school.	Pupils in all stages engaged in physical activity in playground settings and exposed to a wide range of games. This has led to more young people being active for up to 60 minutes a day and more.	Equipment for both PE and the playground is constantly replenished. To allow children to experience high quality PE lessons and then experience them in their own settings such as play times and lunch times.
Promote the engagement of pupils in physically active games and activities, daily, for EYFS, KS1 and KS2.	Children enjoy and participate in PE, developing new set of skills as the year progresses, building on prior knowledge and growing in self-esteem.	New scheme for PE learning. New scheme for PE learning. Getset4PE

<p>Provide opportunities to consolidate and stretch pupil's knowledge and understanding of active games, promoting a growing independence. Sports Day to celebrate sporting achievements and develop teamwork.</p>	<p>Reviewing lesson plans to ensure maximum participation.</p> <p>Children performed well at sports day, increasing in competitiveness, knowledge and growing in self-esteem.</p>	
<p>To increase the confidence and knowledge of staff.</p>	<p>Supported by curriculum lead and the constant CPD offered internally and externally.</p>	<p>Training provided on new scheme of learning for PE</p>
<p>Provide necessary CPD opportunities, upskilling, training, and coaching for teaching and support staff</p>	<p>Enhance subject knowledge and build confidence of teaching staff by continuous monitoring and sharing best practice between teaching and support staff.</p>	<p>Scheme of learning changed. The new scheme has provided clearer instructions for children and adults.</p>
<p>Ensure Rising Stars Curriculum is up to date for lesson delivery across the school, which includes a variety of sports and activities (including PE equipment to use within the curriculum)</p>	<p>PE scheme was used for the year and was successful. On review the scheme of work for rising stars did leave some teachers desiring more in-depth support and progression of skills for the children. Childrens feedback suggested they would have preferred more visual and instructions to support their understanding.</p>	
<p>Subsidies access to new sporting opportunities through extended school sports access – outside of the school environment</p>	<p>Children participated in a range of sporting activities such as dance gymnastics and multisport after school. Sporting workshops also took place.</p>	
<p>Targeted pupils to take part in sports clubs and intra/inter-competitions: Greater participation in sports by targeted groups of pupils.</p>	<p>Children were able to compete against partnered school in football, athletics and</p>	

	other competitions. Children at different stages were selected. Children who wanted to compete competitively as well as some children who wanted to build confidence and compete against themselves in a different setting were included.

Key achievements 2023-2024

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

Activity/Action	Impact	Comments
Getset4PE new scheme of learning	Teachers have adapted the scheme to work well with our children. Teaching and skills have increased throughout the school. This has led to better understanding and teaching of health and fitness linking very well with science.	Teachers have now taught PE with an increased confidence and specialist knowledge using the Getset4PE scheme to support all learning.
School Games	Increased participation within borough sports. Has led to increased focus in lessons and more participation in joining local community sports. This has led to our school achieving a bronze award.	A range of children from all over the school such as EAL, pupil premium and SEND pupils all represented the school.
Clubs	Clubs provided children with extra-curricular activities reaching a range of learners.	Children had a chance to participate in a range of different clubs from football to street dance and ballet.
Healthy lifestyle	Students linked active travel with sports. Having scooter and cycling training.	Students have increased in active travel using bikes and scooters. This is apparent with our silver transport for London award.

Local community/inspirational Sports people	Whittingham has increased its profile within the local community, working closely with Leyton Orient Football club. They led a 'Joy for Movement program' which discusses a healthy lifestyle and connects with children through sport.	Leyton Orient Football club joined Whittingham during World book Day. First team players read to the children and spoke about their favourite stories.
Swimming	Year 5 completed their swimming blocks.	
Professional matches	Year 5 and Year 6 were inspired as they were able to see a professional basketball match. This was impactful as many children hadn't experienced live sports.	

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

<u>Question</u>	<u>Stats:</u>	<u>Further context</u> <u>Relative to local challenges</u>
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	58%	Children were able to swim but struggled to swim 25m. There are children with a EHCPs who have not met this requirement – they have learned to get into to the water but cannot swim the required distance. There have been some children absent and at times culture differences.
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	68%	Children were able to swim but struggled to swim 25m. There are children with a EHCPs who have not met this requirement – they have learned to get into to the water but cannot swim the required distance. There have been some children absent and at times culture differences.

What percentage of your current Year 6 cohort can perform safe self-rescue in different water-based situations?	58%	Children have a good understanding of the instructions went over this in great detail. Some children have confidence but require a bit more practice.
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	No	Due to the high demand with in Waltham Forest it hasn't been possible to find booster sessions without a local pool or swimming pool on site.
Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	No	The instructors are provided and trained by an outside agency.
